Our Reviews

★★★★★

The team was great! They were flexible, professional, and fun. Everyone at our church event said it was worth every penny - mind you, they were gasping for breath as they said it, but they were all grinning like crazy!

- Trevor Black

★★★★★

“They’re very professional and excellent to work with! They were patient and helpful during the booking process since our church required a lot of different assurances in regards to contact with minors but Bubble-ball helped us through the whole thing. They were very responsive to questions and emails. Their staff arrived on time, set up right away and guided our teens through 3 hours of Bubble Ball mayhem. They even stayed an additional 30 mins past our rental to help finish the tournament! Heavily recommend them for any event”

- Michael McHugh

★★★★★

“ I had a great time blaying bubble soccer with my friends for my birthday! You rent the equip-ment and the time alotted (mine was $400 for an hour and a half), and you choose the loca-tion. They come to you! Olivia and Dylan, the coordinators who came and brought the equipment to the site, we phenomal instructors and refs for our games. They were very helpful in making sure the rules were clear and every-one was safe inside their bubbles. Jon, a repre-sentative of Maryland Bubble Soccer was instrumental to setting up the event. He booked my date with ease and gave me a link of all the parks availabe near the location I was interested in playing at. We touched base pretty frequently and he responded to my emails promtly. These guys rock and the expe-rience is one I will never forget. Considereing the price (which do vary) of the event, you do get what you pay for; and I enjoyed all of what I paid for. Big thumbs up to them and a definite recommendation to anyone looking to play!
